

RES Makes Inc. 5000 for Seventh Consecutive Year

August 16, 2017 - Houston, TX. Once again, Resource Environmental Solutions (RES) made the Inc. 5000 list of the fastest-growing private companies in America. RES, the nation's leading provider of ecological offset solutions, was named to the 2017 **Inc. 5000** for **the seventh consecutive year** – growing and expanding even during one of the worst recessions in American history along the way.

"2016 was an incredible year for our company's growth and this honor is a fitting recognition of that hard work and effort," stated RES CEO Elliott Bouillion. "It is not easy to be one of the few companies in America to celebrate this distinction for *seven consecutive years*, and we are incredibly proud of our entire team and their continued focus on delivering value to our clients."

RES comes in ranked at 2,710th place on this year's Top 5000 list with a compound annual growth rate of 127% over the past three years, and continues to rank highly among the environmental segment.

"We strive to be the trusted advisor for our clients and enable them to deliver their projects in a timely, cost-effective manner," added Bouillion. "Our ability to secure timely regulatory approvals, improve project timetables, and reduce project risk directly support our clients' development activities."

The 2017 Inc. 5000, unveiled online at Inc.com and with the top 5000 companies featured in the September issue of *Inc.* (available on newsstands August 16) is the most competitive crop in the list's history. The average company on the list achieved a mind-boggling three-year growth of 481%. The Inc. 5000's aggregate revenue is \$206 billion, generating 619,500 jobs over the past three years. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

"The Inc. 5000 is the most persuasive evidence I know that the American Dream is still alive," says Inc. President and Editor-In-Chief Eric Schurenberg. "The founders and CEOs of the Inc. 5000 tell us they think determination, risk taking, and vision were the keys to their success, and I believe them."

Over 27 million businesses are registered in the United States and thus eligible for consideration to the Inc. 5000; past honorees have included Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow.

RES provides environmental solutions in support of public and private-sector development. RES has restored and conserved over 45,000 acres of wetlands, enhanced streams and ecologically-sensitive habitats, and planted over 11 million restorative trees. For more information, visit www.res.us.
